

Dejan Stajic

Orlando, FL | 4079678903 | dejanstajic12@gmail.com | <https://www.linkedin.com/in/dejanstajic/>

Key Points

ABSORBED MULTIPLE HIGHER LEVEL ROLES

- Since onboarding, I've replaced 5 engineers, an associate director, and assumed interim senior director and head of media positions when needed to complete novel AI projects.
- Moved quickly through the organization to become the lead on new AI projects.

INTIMATE KNOWLEDGE ACROSS MULTIPLE ROLES

- Worked closely and advised agents in various departments such as Analytics, Data Science, Marketing, UX/UI, Frontend, Client Relations, System Engineering, and Architecture.
- Became the point of contact for all communications when working across multiple new teams such as offshore, global, data science, analytics, and system architecture.

Experience

MANAGER DATA ENGINEERING | MERKLE/DENTSU | DECEMBER 2021 - PRESENT

- Lead AI projects in collaboration with Google, Microsoft, and Meta, boosting company revenue and enabling the company to secure new business through advanced technological pitches.
- Leveraged leadership skills to lead cross-functional teams for the successful execution of various new projects.
- Led a high-performing data engineering team, excelling in data analytics and marketing performance.
- Utilized Python, APIs, and SQL functions to develop and improve pipelines efficiency by 1,000%
- Resolved underlying issues leading in a drastic decrease in repeated troubleshooting requests.
- Streamlined communication between clients and engineers for rapid code development.

DATA ENGINEER | 10JIN SOLUTIONS | SEPTEMBER 2019 – DECEMBER 2021

- Ensured data synchronization between systems and resolved escalated software issues.
- Automated data systems and maintenance tasks for improved efficiency.
- Create and maintain enhanced data warehouse solutions via Snowflake and PostgreSQL.
- Implemented new software systems and integrated them with SSO and automated systems.
- Assisted in creating reports and performance indicators for better decision-making.
- Cleaned and maintained student data while creating alerts for timely upkeep.

SOFTWARE SUPPORT | CHARTER SCHOOLS USA | AUGUST 2017 – SEPTEMBER 2019

- Improved on-site processes and technologies to improve the overall quality of the school.
- Cleaned and documented infrastructure and devices for easier maintenance.
- Pioneered a new software support specialist team to help the district and state resolve issues.

NETWORK QUALITY ANALYST | T-MOBILE (FORMERLY SPRINT MOBILE)

- Conducted remote diagnostics and troubleshooting of wireless network issues using industry-standard tools
- Analyzed network performance data to identify areas for improvement and potential network outages
- Documented network troubleshooting procedures and best practices for knowledge transfer and training

Education

BACHELORS OF SCIENCE IN INFORMATION TECHNOLOGY | AUGUST 2016 | UNIVERSITY OF CENTRAL FLORIDA, ORLANDO, FL

ASSOCIATES OF ARTS | MAY 2014 | VALENCIA COLLEGE, ORLANDO, FL

Skills & Abilities

TECHNICAL SKILLS

- Backend Languages: Node JavaScript, Python (Pandas, Multi-threading, Asyncio, Flask)
- Databases: SQL, PostgreSQL, Snowflake, Databricks, Apache Hive, etc.
- Cloud Infrastructure: AWS, GCP, Azure
- DevOps: CI/CD Pipelines (GitHub/Bitbucket), Containers (Docker/ECR)
- Scripting: PowerShell / Linux Scripting (ECC/Bash/Ubuntu)
- Web Development: HTML/CSS/JavaScript/React
- APIs: Oauth/Restful/JWT/SOAP
- Data Science: Generative AI, Langchain, Pytorch, Scikit

LEADERSHIP AND MANAGEMENT SKILLS

- Project Management (Agile/Jira)
- Engineering Leadership (Team Management/Mentoring)

COMMUNICATION SKILLS

- Public Speaking and Presentations
- Written Communication
- Video presentations and documentation
